

Attendant Feature

Empowering Laundry Owners with Control and Efficiency

Feature Overview

Streamline your operations, minimize unauthorized usage, and take control of your laundry business like never before with the Attendant feature in PayRange MANAGE. With the Attendant feature, you can grant your attendants the ability to operate your washers and dryers without requiring coins or adding funds to the PayRange app.

*Monthly fee applies.

Getting Started

Log in to your PayRange MANAGE operator account. Select "Attendant" from the left menu. Here you can configure the maximum amount and maximum number of free transactions allowed in a day by an attendant. Only certain MANAGE user roles have access to the attendant feature.

Key Benefits

Streamline Access

Enable your laundry attendants to start your laundry machines without the need for coins or adding funds to the PayRange app.

Controlled Usage

Set limits on how many times per day your attendants can start the machines to ensure proper use.

Enhanced Monitoring

Track attendants' usage with detailed reporting for insights into activity and efficient resource utilization.

Reduced Transaction Fees

Benefit from reduced transaction fees for attendant-initiated wash transactions, saving costs and improving laundry operations efficiency.
