

Laundry Part Identifier

Each PayRange Laundry installation requires two or more components that are identified by a kit number. In an effort to reduce the use of wasteful, plastic packaging, the components are shipped in bulk rather than each kit being individually packaged. Use this sheet to determine which components are used together and the installation guide needed.

BluKey Pulse Kits

The following kits are used with BluKey Pulse (P/N: 10.00611-xx)

Kit Description	Components	Main Harness Label
K11 Alliance (MDC) Kit #: 13.00926-xx K11 Install Guide	Laundry C1 harness (w/ Interface Module)	P/N: 11.00848-xx Laundry C1: Alliance (MDC)
